## Company of heroes 2 cheats unlimited resources

Prepare for weak opponents at first to choose maximum health for the units and press the hot key to activate the weak unit trick for the player you like now (you're usually player 1 and, for example, the red player is player 2) if the units don't heal, your health will remain in this amount , even if you disable the trick, so you can also modify several opponents specified one by one track: for war theater matches players do not always match one of the 8 numbers, so we have added the trick to modify all players (also their units), but we recommend using this only combined with godmode to trick their units to the high health track : in campaign missions this trick can be a blocker, for example, in Mission 3 if the trick is active when the armored vehicle will be written, so you should only use it outside the campaign or if you know what you are doing &gt;., at first choose maximum health for the units and press the hotkey to activate the weak trick units for the player you like now (you are usually player 1 and, for example, the red player is player 2) if the units are not healed, their health will remain in this amount even if you disable the trick, so you can also modify
